Dear authors,

Thank you for submitting your paper to ICMLA 2019, and thank you for your patience in awaiting our decisions. On behalf of the entire ICMLA 2019 organizing committee, we are very pleased to inform you that your contribution (Paper 424, titled: A Deep Learning Approach to Distributed Anomaly Detection for Edge Computing) has been accepted as a full paper for ORAL presentation. Congratulations! We have received 375 submissions this year. Only 107 papers are accepted as full paper and 67 papers are accepted as short paper.

The detailed evaluation of your paper together with comments and suggestions from the reviewers can be viewed on the paper submission engine at <https://cmt3.research.microsoft.com/ICMLA2019> (please use the "Reset your password" link if you do not remember your password). You are requested to carefully incorporate the suggestions from reviewers into the camera-ready paper. You are required to prepare and give an oral presentation during the conference. We will follow with more detailed instructions about presentation timing.

Camera-ready paper submission

The deadline to upload the final version of your paper is October 17, 2019.

In order to include your paper in the proceedings, you must submit the final camera-ready paper and register for the conference on time (the paper will not be included in the proceedings if the registration is not paid). The camera-ready paper should be no longer than 6 pages. Authors can extend the paper up to 8 pages for additional charge of US\$ 50 per page, which must be paid together with registration. The maximal length of the paper is 8 pages.

As the IEEE Press publishes the proceedings, you will be asked to send the final version of the paper directly to IEEE. The formatting instructions are available at <https://www.ieee.org/conferences/publishing/templates.html>. The camera-ready papers are due by October 17, and please access the Author Submission Site at <https://ieeecps.org/#!/auth/login?ak=1&pid=2vu4X1Rqu4kA44cs4Rr145>

Registration:

At least one of the authors must register to attend the conference by October 17, to include your paper in the conference program.

Registration is already open (<https://www.icmla-conference.org/database/techbd/users/>). You MUST include your paper ID while registering. Please check the registration page for more information.
<https://www.icmla-conference.org/icmla19/registration.html>

Details about the conference in general, together with the latest news about conference, can be found on the official web page:

<https://www.icmla-conference.org/icmla19/>

We look forward to seeing you at ICMLA 2019 in Boca Raton, Florida, USA!

With best regards,
ICMLA 2019 Program Co-Chairs
